

Chintamanny Ragoonatha Chary 1840 - 1880

This photograph is donated to IIA library archives by the great-great grand daughter of N.R. Pogson (Former Director, Madras Observatory), Mrs. Cherry Armstrong. We presume that the individual in this photograph is Chintamanny Ragoonatha Chary (First assistant at the Madras Observatory) since he is seen with Mr. Pogson in various other photographs. Mrs. Cherry Armstrong also makes a similar assumption that this individual could be Ragoonatha Chary. We solicit any information on this individual and his identity as Ragoonatha Chary.

This photograph can not be used any where else for any other purpose as the identity of the individual is not yet established.
