

Study of the sun and makes students to learn about sun

Dr. K.Sundara Raman
Senior Scientist

"Born in Keela Kal Kandar Kottai Village, Tiruchirapalli and working as Senior Scientist with the Indian Institute of Astrophysics (Govt of India) Kodaikanal, Tiruchirapalli. He is known for his research papers and guiding students in their dissertation works. He is in the selection committee member for PhD in many Universities. Many of his students are well placed doing PhD and also completed PhD with financial support in International Universities. His findings on Solar Flares based on the observations from Kodaikanal Observatory were presented in the International Conference conducted by NASA in USA during 2000. He organizes seminars and conferences in schools and colleges in Astrophysics and Solar Physics to promote knowledge about the Sun and Space Weather impact on Earth. He is likely to be elected as the most prestigious FELLOW of the Royal Astronomical Society of London soon.

'Media Guild' Academy for Recognition confers Dr. K. Sundara Raman with prestigious 'Media Guild' award 2010-11 for his 30 years tireless services in the field of research and popularizing scientific knowledge among students."
