

Notices of the Society

Election of Members.

The attention of members is invited to Bye-law No. 14, regulating the election of persons who desire to join the Society. It is hoped that those who are already members will induce others to join. Forms of application can be had from the Secretary, Mr. P. N. Mukherji.

The Library.

An opportunity will occur during the next few months, owing to one of the members of the Society going to England, of obtaining books cheaply there for the Library. A subscription list has already been opened, and several members in Calcutta have subscribed and enabled the Council to make a beginning with the Library. Other members outside Calcutta, however, have not yet come forward, and as the Library will be one of the most important adjuncts of the Society, and will be available to members both in and out of Calcutta, those who have not done so are invited to help the Society in making a good start with this important branch of the work. Suggestions as to useful books for the Library will also be welcomed by the Librarian.

A number of books have already been received and can be borrowed by members in accordance with the Bye-laws.

The books available can be ascertained from the Assistant Librarian and a catalogue will be issued shortly. The reading room of the Society in the Imperial Secretariat is now opened for the use of members daily from 5 to 7 p.m. except on Wednesdays and holidays, and from 3 to 5 p.m. on Saturdays, unless that day is a holiday.

Subscriptions.

Some of the subscriptions are still due for the current session from members. Those who have not yet done so are requested to remit the amounts to the Treasurer.

The Treasurer will also be glad to receive those donations promised for the Library and quarters which have not already been paid; as the Council wish to take full advantage of the promised assistance as soon as possible during the present session.

Papers for Meetings.

It is requested that drawings which accompany papers for reproduction in the JOURNAL may be made with Indian ink on white paper. This will insure a clear reproduction.

Conclusion of the Session 1910-1911.

The present number is the last of the JOURNAL for the Session 1910-11, which will end on the 30th September 1911. The last meeting of the session was held on the 27th June, 1911, and in order to provide for the observations by Members during the recess, the Memoranda in this number have been carried up to November next. The office of the Society and the Library will remain open for business as usual, and the Directors will be glad to receive papers or other communications in order that they may make use of them in the next Session.

Annual General Meeting.

The second session of the Society will begin on the 1st October, 1911, and the Annual General Meeting will be held on Tuesday the 31st October, 1911, in the Imperial Secretariat (Treasury) Buildings at 5 p.m. The business to be transacted will be as follows :—

1. The admission of new members.
2. The presentation of the Annual Report of the Society.
3. The President's Address.
4. The announcement of the result of the election of the Council for the session 1911-12.

List of Members.

It is requested that members will check their names and addresses in the list which has recently been published and bring to the notice of Mr. Mukherji, the Secretary, any cases in which corrections are necessary.

List of Instruments.

With a view to enable the Council to obtain a knowledge of the instrumental equipment of the members, it is requested that those members who possess any instrument suitable for Astronomical work will kindly send details to Director of Instruments of its kind, size and power.

Meetings for the Session 1911-12.

Annual General Meeting October 31st.
